ASSEMBLY INSTRUCTIONS

Step 1: Assembly Preparation

Remove all contents from box. Reference the parts list to make sure you have all the parts.

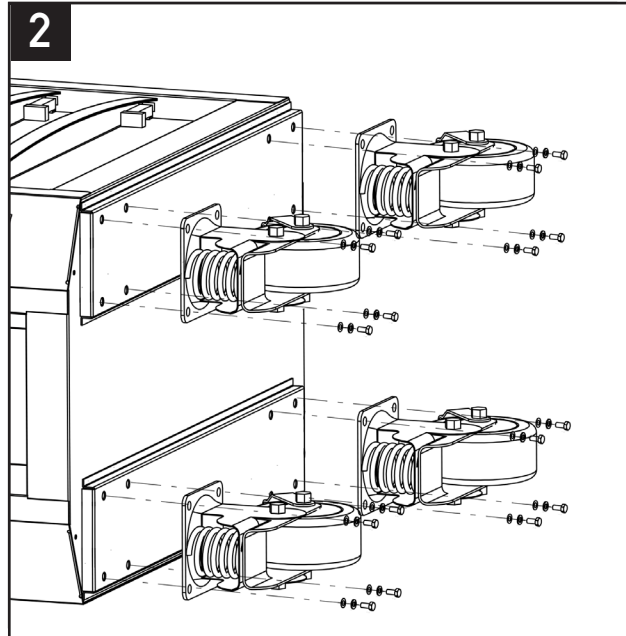

NOTE

Place a cover on the floor to prevent any damage to surface of the Trolley.

Step 2: Attaching Castors

Using two people, tip the trolley so it is laying drawer side up. Align holes in locking and non-locking Castors with matching holes in the bottom tray as shown in figure 2. Attach using 13mm x 16 Hex bolts, lock washers and flat washers from Castors bolt kit and tighten.

Ensure that both locking Castors are on same end. We suggest mounting locking castors at the front of the Trolley.

Align the mounting holes of the handle brackets with the holes in the side of the Trolley. Attach using the Hex Bolts.
