ASSEMBLY INSTRUCTIONS

Step 1: Assembly Preparation
Remove all contents from box. Reference the parts list to make sure you have all the parts.

⚠ NOTE
Place a cover on the floor to prevent any damage to surface of the Trolley. Castors are prefitted on large trolleys.

Step 2: Attaching Castors
Using two people, tip the trolley so it is laying drawer side up. Align holes in locking and non-locking Castors with matching holes in the bottom tray as shown in figure 2. Attach using 16 x 17mm Hex bolts, lock washers and flat washers from Castor bolt kit and tighten.

Ensure that both locking Castors are on same end of the Trolley. We recommend mounting locking Castors at the front of the Trolley.

Step 3: Attaching the Side Handles
Align the mounting holes of the handle brackets with the holes on the side of the Trolley. Attach using the Hex Bolts
